- How the Federal Circuit has treated PTAB decisions
- What all of this means for you clients' IP enforcement and defense strategies

1:15 PM Adjourn

SPEAKER BIOGRAPHY

J.D. Houvener, Bold IP - Prior to joining the legal profession, J.D. earned his B.S. in Industrial and Systems Engineering from the University of Washington and then an MBA from the Albers School of Business at Seattle University where he focused on entrepreneurship and lean operations management. J.D. worked then as an engineer at Boeing for nearly 10 years working in payloads design, regulatory compliance, systems integration and project management on the new 787 airplane. J.D. earned his law degree from Seattle University in the evenings while working fulltime at Boeing.

J.D. is a member of the King County Bar Association and the Washington State Bar Association, where he is an active member in the Intellectual Property Law sections. J.D. is also a licensed professional engineer through the state of WA in industrial engineering. Outside the office, J.D. offers pro-bono legal services to the Washington CASH organization in South Seattle, who helps those with little to no means with their business startup ideas. J.D. is admitted to practice in Washington State, and U.S. District Court

for the Western District of Washington. J.D. is also registered to practice before the U.S. Patent and Trademark Office. His also the author of *Bold Ideas: The Inventor's Guide to Patents*.
