### AGENDA

**12:00 PM** Introduction

**12:10 PM** Presentation: 'Examiner Interview Strategies for Patent Prosecution', by Han Gim, Newport IP, LLC

- Interviews during patent prosecution provide a way to directly discuss a pending patent application and gain insights that are sometimes not apparent through written exchanges. The presentation will discuss various strategies for furthering patent prosecution using Examiner interviews
- The presentation will include lessons learned from the now-discontinued First Action Interview program, including interview timing and interview practice tips

**1:15 PM** Adjourn

---

### SPEAKER BIOGRAPHY

**Han Gim, Newport IP, LLC** - Han has over ten years of experience advising large corporations, mid-sized companies, and startups in the tech space. Han was a 2018 Washington Super Lawyers Rising Star and has extensive experience securing patent rights in cloud computing and various computing/networking technologies. Prior to his legal career, Han worked in the aerospace industry for 19 years, during which he developed broad experience in system and software engineering in the areas of avionics and communications networks. Han currently helps companies develop IP in the fields of virtualization, cloud computing, power management, display rendering, networking, telecommunications, wireless, computing hardware and software, and other related technologies. Han earned his JD from Seattle University and MS in Electrical Engineering from the University of Washington.
