We are continuing 100% remote access meetings.	Friday, January 7, 2022	12:10 PM to 1:30 PM	Cellphone Forensics: Applications in Discovery and Investigations

---

### AGENDA

**12:10 PM** Introduction

**12:20 PM** Presentation: ‘Cellphone Forensics: Applications in Discovery and Investigations’, by Brian M. Chase, ArcherHall

Cellphones represent one of the fastest-changing areas of legal practice. Mobile device evidence is more important than ever, thanks to the rapid evolution of the technology and the way this evidence is treated by the courts. Touching on important recent cases, technology developments, and ArcherHall’s direct experience advising attorneys, this presentation provides up-to-date guidance on the application of cellphone forensics in litigation, investigations, and other legal matters.

**1:30 PM** Adjourn

---

### SPEAKER BIOGRAPHY

**Brian M. Chase, ArcherHall** – Brian Chase is a Director of Digital Forensics at ArcherHall, an expert witness, and an adjunct professor of law. Before joining ArcherHall, he was a practicing attorney and the owner of Chase Technology Consulting, a legal technology consulting firm providing digital forensics and e-discovery expertise. Mr. Chase is currently licensed to practice law in Arizona and New York. Mr. Chase has a diverse education and work background. He spent years working as a network administrator for the University of Arizona. He has a Management and Information Systems degree from the Eller College of Management at the University of Arizona, a top ranked program in the country. Mr. Chase went on to earn a law degree, also from the University of Arizona. He has worked with various sized law firms both in an IT and legal capacity. He has consulted with firms on their use of technology within the office, and

has provided expert testimony in criminal and civil matters ranging from misdemeanors to murder to medical malpractice. Mr. Chase has published and spoken on various technology related issues impacting law firms as well as parties in the civil and criminal justice system. He teaches various topics regarding law and technology, and digital forensics and evidence, at a variety of legal and technical conferences. He was honored by the Tucson Hispanic Chamber of Commerce and the Arizona Daily Star with a "Tucson's 40 Under 40 Award", which recognizes young leaders who are making an impact in the community with their professional and charitable work.
