12:10 PM Presentation: *Field Guide to Criminal Defense for the Civil Lawyer* by Jason Lantz, Law Offices of Geoffrey Burg, LLC

Over the years I have spoken to many civil attorneys. It is not uncommon for you as a civil attorney to get the first call from a client, friend or family member who has come in contact with the criminal justice system. Often when you get this call, it is an emergency, your client is panicked and it may be after hours.

During this CLE I will try & answer most of the main questions that you may encounter, if I don't answer it, please feel free to ask it.
